

About Mrs. Heflin's Class

Welcome to 6th grade Pre-Academy language arts. I would like to apologize for my absence this evening, but I look forward to meeting you all very soon. This summer I welcomed my first child, a baby boy named Cameron, and will be starting the school year on September 3rd. You will be in great hands until I return to school with a former WCMS teacher, Mrs. Curtis.

This is my 4th year at WCMS, and I am excited to get to know each of my students. Here at the middle school, we have high expectations for all our students. The Pre-Academy class will challenge you, but I will be there every step of the way providing the support you will need to excel. I know this is going to be a great year!

Bring the following supplies from your supply pack to class the first day:

- Composition Notebook
- 1 inch binder and dividers
- 1 Pocket Folder
- Notecards
- Tiger Book

About Mrs. Heflin's Class

To support students Mrs. Heflin will:

- ⇒ Set high expectations
- ⇒ Create a safe space for students to take chances, make mistakes, and grow
- ⇒ Provide multiple chances for students to receive feedback on their work and progress before a test or a project
- ⇒ Weekly email to parents and students (See reverse for how to sign up)
- ⇒ Provide tutoring on Tuesdays from 3:30-4:30

Will there be homework in this class? Yes, most of your homework assignments will be reading. Sometimes reading assignments will prepare us for the next day's learning and other times they will be free choice reading.

What if I don't understand something? Doing any of the following will help you master the skills we learn in class:

- Ask questions in class
- Review your notes
- Practice a skill from class using a text from home
- Ask Mrs. Heflin for extra practice, notes, and resources
- Come for tutoring with Mrs. Heflin on Tuesdays

Remember: ultimately, you are responsible for your learning this year. Don't be afraid to reach out when you feel stuck!

When can I (or my parents) meet with Mrs. Heflin? By appointment before or after school.
